## Evolution for Excellence - Module - IV

# Discover within YOU...

Each of us have an idea or dream of something we want in our lives. A more successful business, feeling more fulfilled in our work, having better relationships, vision of a better world .

Few of us achieve our dreams and many of us do not ... have we ever thought why?

Often we wait for someone else to lead us or to give us the power to turn our vision into reality. And that is a mistake.

What blocks us ? Its fear. We are afraid to speak our minds, or risk being criticized or look foolish. It is this fear that stops us from being the leaders in our professional and personal life.
